★ PHANTOM SOLDIER

NEW SINGLE · OUT NOW

I Can't See the Glass

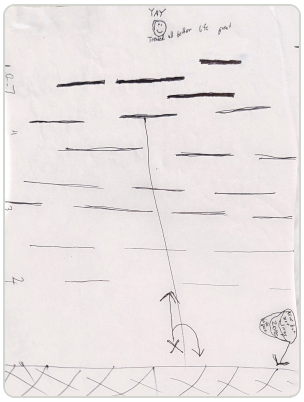

Phantom Soldier · October 2026

Glass walls on the path to getting better. You can't see them. You find out which ones break by hitting them.

Spotify · Apple Music · YouTube Music · Amazon Music

It started as a drawing.

One page: a path going up, lines across it, and a band of X's at the bottom. Every line is a wall of glass, and the thicker the line, the harder it is to break. The X's are where you land when one doesn't give. It's a picture of depression, and you don't have to be a veteran to recognize it. The whole drawing, next to the lines it turned into, is on the song's page.

Listen

Every platform, plus the drawing and the story behind the song.

Tell your story

It comes back as a song. Free, and your name is never on it.
