

Every veteran has a story they don't tell.

Send yours. It comes back as a song you approve word for word. It costs nothing, and everything the music earns goes to veteran suicide prevention. Any branch, any era, any job you held.

How it works

You write a paragraph. A real person writes back. You read every line of the lyrics before anything is recorded. Then you decide: keep the song private, or release it under Phantom Soldier. Your name is never on it. Not every story becomes a song, and that's about pace, not quality.

Veterans Crisis Line: dial 988, then press 1. Text 838255. Free, confidential, 24/7, for veterans, service members, and their families.
